

iLead

A JOURNEY FOR EVERYDAY HEROES

Everyday heroes are individuals who demonstrate initiative, inspire others, and strive to better themselves at home, school or in their community. Across 5 weeks, nine such everyday heroes embark on a transformative journey to enhance their leadership skills through a series of inspiring experiences and unforgettable adventures.

This journey encompasses a community project, undertaken in partnership with Blackwood Specialist Outdoor School, as well as a diverse array of engaging, practical and fun activities. By working alongside other young people with diverse abilities and experiences, iLead empowers students to discover their unique strengths and learn how to use these within academic settings and beyond.
